Dietrick is working on it. He had an email malfunction and lost his response. He's working to recreate it.

Have a wonderful weekend all!

Hey you guys – did you get the list of field QC samples over to my data validation guy yet? Please copy me on any correspondence. I think this task is the critical path item for your completing the data summary report for the YPT sampling on OU-7. Thanks!

Dietrick and Sarah,

My data validation guy needs a list of the field QC samples (see below). Can you please send?
Thanks!

Subject: Anaconda Yerr. Field QC Samples

Hi Dante,

I am not sure if I received a list of Field QC samples for the data we are validating.

Could you ask that field samplers send me this list? This is the list of sample name to filed QC type (equipment blank, field duplicate, etc)

My apologies if this was sent already.

Best Regards,

Joe Eidelberg
